CARYSIL

Designed for a Happier, Smarter Kitchen

Carysil isn't just a brand—it's the global benchmark in quartz sinks.

As Asia's No.1 and the world's 4th largest manufacturer, we don't follow industry trends—we set them. Every year, we craft over a million quartz sinks, each engineered for perfection using Original German Technology.

Our 80% natural quartz and 20% acrylic resin formula ensures extreme durability, resistance to heat, stains, and scratches—making our sinks as tough as they are stunning. With a presence in over 50 countries, our quartz sinks continue to be the foundation of our success, setting us apart as a leader in kitchen solutions.

Let's not forget the Food Waste Disposer !!

INDIA

This is to certify that Carysil Limited has successfully completed the assessment conducted by Great Place To Work®, India, and is certified as a great workplace. Category: Mid-Size Organizations

This certificate is valid from January 2025 till January 2026.

Balbir Singh
Balbir Singh
Chief Executive Officer
Great Place To Work®, India

Note: The certificate is valid subject to the terms and conditions agreed to by the Organization.

AROUND THE WORLD

- Global Offices
- Global Presence

You can discover our entire kitchen range in 6 continents and in over 50+ countries through our established and ever-expanding worldwide network of retail partners including the North and South America, United Kingdom, Canada, China, Germany, France, the Far East and the Gulf states; and through our subsidiaries in the UK, Germany and the United States of America.

DESIGN

We believe that there's no point to beauty unless you also have a reason for being. Our design process is underpinned by an appreciation of technology, functionality, and aesthetics. When you buy a sink from us, you're not just getting a Carysil product: you're benefiting from 33 years of manufacturing excellence and understanding of customer needs. We're always innovating. That push to keep improving means you'll always enjoy the latest thinking and technology in our sink design. We have no plans to move away from the cutting edge.

TECHNOLOGY

No one knows quartz like we do. It's what we've been doing for 33 years. The hardest part of granite, quartz forms around 80% of the raw material used in our composite sinks. You can see why they are the toughest around. We mould quartz with high-grade acrylic resin using a special computer-controlled casting process. The result is a hardened composite material that is resistant to scratches, dents, stains, heat and cracks. That's why our composite quartz sinks last the distance.

MATERIAL

Our sinks put design-led quality and high performance at the centre of your kitchen. We've spent 33 years getting Carysil quartz right. Stone-like in quality, our material is formed from around 80% quartz and 20% acrylic resin and color pigments. This gives our kitchen sinks a velvet look and feel, with a finish that's non-porous and enduring. Carysil quartz sinks are food-safe, easy to clean and very hardwearing.

SUSTAINABILITY

Sustainability at its core, is about maintaining balance—ensuring that natural and physical resources are preserved for the long term. Our commitment to sustainability goes beyond material innovation; it's a holistic approach that engages every stakeholder, from manufacturing to end users. By crafting high-quality sinks built to last, we contribute to reducing waste and promoting the responsible use of resources, creating a more sustainable future.

KEY FEATURES

Putting practicality first - made only from solid composite, these sinks are scratch-proof for a longer life.

SCRATCH AND DENT PROOF

Never hesitate to put down a hot pot again - CARYSIL sinks are heat resistant up to 280 °C for great durability.

HEAT-RESISTANT

Since your sink has to be practical as well as beautiful, CARYSIL sinks are stain resistant for long-lasting good looks.

STAIN & DIRT RESISTANT

Enjoy total confidence in using your kitchen your way - CARYSIL sinks are 100 % food safe, making prep easy and hygienic.

FOOD SAFE

Your composite sink is easy to keep clean so you will be able to enjoy its flawless finish for years to come.

EASY TO CLEAN

The non-porous surface of the sink ensures greatest hygiene.

HYGIENIC

There is no coating on the sink; the colour is through and through.

COLOUR-FAST

The strength of quartz and bonding of acrylic resin make this sink a tough one.
