# A Space For You

More than just a functional space, the bathroom is a personal sanctuary where you can reconnect with yourself.

When designed to enhance wellbeing, personal care and health, this space can transform the daily routine into a meaningful experience.

At the heart of every bathroom is the basin and mirror, essential elements that go beyond mere functionality. At nightfall the bathroom provides a refuge where you can leave your worries behind, while during the day it becomes an ally in preparing for new challenges. The shower area becomes a private retreat, offering endless possibilities with innovative water features.

From gentle rain that soothes the skin to an invigorating cascade that awakens the senses, there are plenty of ways to rethink this space. The toilet area combines design and functionality, offering comfort, elegance and care for intimate hygiene.

Each element is designed to suit individual lifestyles. Constant innovation drives the creation of sustainable bathrooms that immerse the body and mind for a richer experience.

We encourage you to transform your bathroom into a personal wellness space.

# Roca India Warranty Policy

Dear Partner,

Thank you for choosing **Roca**.

We take pride in offering products that not only enhance your customer's bathroom experience but are also built to last. With over **100 years** of global expertise and presence in 170+ markets, **Roca** products are built to deliver reliable performance and long-term durability. We stand behind the quality of our products.

**Roca** products used in regular residential homes or commercial spaces are covered under warranty for the period mentioned in the warranty chart below. The warranty starts from the date the product is sold to the first customer.

This warranty covers any defects in manufacturing or materials during normal usage conditions.

For any service or support, our channel partners or customers can reach out to the **Roca India** support team along with the purchase invoice.

For full details on warranty coverage and exclusions, please refer to the warranty terms shared with this communication.

## Guidelines to Maintain Roca Products:

- Keep your product (especially Faucets & Showers) free from any deposits & clean it with water-soaked soft towels or non-acidic cleaning agents regularly to keep the plated surface clean.
- Use a soft, dampened sponge or cloth to clean. Never use abrasive material like a bristle brush or scouring pad as they can scratch the finish and cause corrosion.
- In hard water areas we strongly recommend that inhibitors or water softeners are fitted to the system to help prevent limescale attack.
- Clean the aerators from time to time for a perfect foam flow of water from the fittings.
- Do not force the operation of a soft-close seat.
- Do not allow cleaners to sit or soak on the product.
- It is recommended to use water filters with faucets to avoid any damage to ceramic cartridges/internal parts.
- Do not use any kind of cement for sanitaryware installation, It is recommended to use Silicone Gel only.
- Use a rubber washer between ceramic and metal parts for proper installation.
